Dear Licensee:

The Department of Liquor Control is concerned about the extent of tobacco products use by minors and in our efforts to prevent tobacco use by underage persons, we recently conducted a compliance check to help determine the extent that licensees are selling tobacco products to underage customers.

On February 21, 2017 @ 6:28 p.m., a tobacco products (cigarettes) sale was made to a 17 year old person at your licensed premises. Our records indicate this is the first violation detected during a tobacco compliance test.

1st Offense - Letter of Warning

This letter is to inform you of the unlawful sale and of the importance of obeying the law and keeping tobacco products out of the hands of minors by routinely checking proper identification. Title 7, V.S.A. § 1003 (a) of the Liquor Control Laws and Regulations clearly states that it is unlawful to sell tobacco products to anyone under the age of eighteen.

If you disagree with any of the statements or information contained in the Investigators report, which resulted in this letter of warning, please submit the reasons for disagreement in writing to the Department of Liquor Control for review and decision, no later than ten days after receipt of this letter.

Please sign the enclosed Waiver of Hearing form, and forward it to the Department of Liquor Control within 10 days of receiving this notice.

Mandatory DLC training for the licensee (Owner, Director, Partner or Manager) either online or in person is required within sixty (60) days of this letter. You must submit a copy of your training certificate with your license number indicated on it to the office of Liquor Control to avoid non-compliance with Education Regulation #5, which could result in suspension or revocation of your license.

If you have any questions, please call our office at 802-828-2339.

Sincerely,

William J. Goggins, Chief
Education, Licensing & Enforcement

Town Master Plan 2019 Update Overview

March 13, 2018 Selectboard Meeting

**From: Lori Hirshfield, Director
Department of Planning & Development**

Plan Update Process

- ☐ In Vermont, State Statute requires that the Municipal Plan be updated or readopted every five years.
- ☐ The Municipal Plan for Hartford is entitled the “Town of Hartford Master Plan”, and was last amended in 2014.
- ☐ The next update adoption must be completed by May 26, 2019.
- ☐ After the 2019 update, State Statute requires the Plan be updated at least every eight years, and the Town may adopt changes more frequently.

Plan Update Process

- ❑ The Plan serves as a roadmap which describes what is important about the Town, and what to do to meet the community's needs going into the future.
- ❑ The Plan includes information, goals, policies and recommendations about many aspects of the community, including: demographics; land use; transportation; housing; economic development; natural resources, historic and cultural resources; education; energy; utilities; flood resilience; recreation; and other community resources and facilities.
- ❑ State Statute prescribes these elements that must be included in the Plan.
- ❑ The Regional Planning Commission reviews the Plan for conformance with State Statute in order for the Town to be eligible to participate in some State funding grants and programs.

2019 Plan Update

- ☐ There are specific Plan chapters, such as Energy and Natural Resources that will require major updates to meet new state requirements.
- ☐ Input from the Selectboard, Town departments, community, and Town Commissions, Committees and Boards will guide the Plan update.
- ☐ Other update tasks include formatting such as making it more user friendly, visually engaging, and reducing what is in the Plan.
- ☐ The following schedule outlines the process through June of 2019.

2019 Plan Update

- ☐ We also have met with TRORC staff, who are:
 - reviewing the Plan for compliance with state requirements; and
 - identifying what they can help with data collection, mapping, document formatting and assembly using dedicated time under our membership dues, and what, if any, require a separate charge.
- ☐ If needed, a source of partial funding could be a Municipal Planning Grant with a fall application cycle.

Town Manager, Leo Pullar presented his report.

Highlights:

The final installment of property taxes was due on February 2, 2018. At that point the Town had \$1.86M in delinquent payments. Current delinquent taxes for 2018 are \$1.05M. This is down \$420K since the last report.

The Hartford Tree Board continues to be active and planning for spring and summer programs. The Board plans to be at the March 3rd Town Meeting to display. In addition, they are planning for the Annual Arbor Day Tree and Plant Sale. Additionally, they will be working a small section of unused ground near the storage building that abuts Northern Nursery for a future tree farm where they will plant various species of trees for future planting throughout town owned properties. The area to be used is very small and will encompass approximately 300 square feet of space.

February 12th – Tuckerbox Café hosted Coffee with a Cop. Police officers were visited by members of the criminal justice system, business community and area residents.

The town has received the first check for the Local Option Tax from the state. There were 169 returns processed by the state and a total of \$86,504.71 paid in taxes. The amount due to the town was \$59,848.23 and we received \$59,686.20. We are working with the state to determine what happened to the missing \$162.03. We have established a separate account for these funds.

This past Saturday, the Clerk's Office, with assistance from the Police and Fire Departments, partnered with the Upper Valley Humane Society to host a low-cost Rabies clinic. A total of 41 pets were vaccinated and 27 dogs were registered with the Town. We will look for future opportunities to host similar events.
